I understand falsifying any information on my assistance request form may affect eligibility for my current and future requests. I understand the purpose of this program is to assist families to become self-sufficient, so my household can only receive assistance up to 2 times in a calendar year. ***Additional documents may be required i.e., W-2, valid identification, copy of utility bills, mortgage/rent statements, etc.***

Submitting for assistance does not guarantee your request will be fulfilled. We receive several requests weekly and operate with a limited budget. This affects the number of families we can directly assist monetarily. Keep in mind that our assistance can come in forms than monetary. Some families may benefit more from our listed resources that are available to them.

When requesting assistance, know there is a certain level of professionalism and confidentiality held. Although we may record and/or photograph our process, this is so upon request, donors and sponsors can view their donation dollars at work. We do not publicly announce the names, photos, or video of the recipients of this program.
